HAPPY CUSTOMERS

Wirtek - Services

An integrated ERP platform represents the backbone of a company. A big thank you to our partner, ELIAN Solutions, for their support!

Viarom Construct - Construction

ELIAN Solutions developed a payment authorization system for us, ensuring that no purchase order can be processed in the system without prior approval. They are a reliable partner with whom we can confidently grow our business.

Chopstix - Retail & Distribution

We have built a strong relationship with the ELIAN Solutions team and benefit from prompt services regardless of our needs. They are a partner you can always rely on to find a solution to any problem.

One United Properties - Real Estate

We found in ELIAN Solutions the right partner for this implementation - one that understood the complex nature of our business and proposed a customized technical solution. Through this collaboration, we achieved a complete digital transformation.

Tanex - Manufacturing

Together with ELIAN, we carried out a project that had a major impact on Tanex's operations. Implementing a modern ERP system may seem costly at first, but when weighing the investment against the benefits, it becomes clear that this is a justified and necessary step.

We bring expertise that works in any country, with a team fully prepared for international markets. Come for a live DEMO!
